## Why are Lifestyle Screens so popular with homeowners?

These days, more and more homeowners are turning to their garages to find additional space in their existing homes. The Lifestyle garage screen system allows homeowners to do just that! The Lifestyle is a fully retractable, spring loaded system that works in conjunction with your existing garage door. Going from garage to an airy, pest–free space is a snap and takes just seconds. When you are done enjoying the great outdoors, simply retract the Lifestyle and put your garage door down as usual. It's <u>that</u> easy!

## Turn your garage into an airy, pest-free space on demand!

THE MOST VERSATILE GARAGE SCREEN ON THE PLANET

Typically, the garage is the largest "room" in the house. Lifestyle Screens helps you get more use out of this valuable space!

## Why choose Lifestyle?

There are a number of garage screen products on the market but none can compare to the durability and functionality of the Lifestyle Screen. Our frame is constructed of a 2" x 2" architectural grade aluminum with a baked on finish. The Lifestyle

system runs on a maintenance free track system, independent but similar to your primary garage door tracks. The Lifestyle system is a fully spring loaded, counterbalanced system that makes raising and lowering nearly effortless. Lifestyle's optional

door-within-a-door feature allows for easy entry and exit. When in use, the Lifestyle screen occupies the same position as your primary garage door. No other garage screen system offers Lifestyle's broad range of features and benefits. Bottom line is, your search for a garage screen system that will give you many years of trouble free service ends here. Lifestyle Screens is the only garage screen for you!
