MESSAGE FROM THE EXECUTIVE DIRECTOR

I would like to take this time to acknowledge the many individuals as well as our business members that have shown so much compassion and perseverance throughout this entire pandemic crisis. Even though it is far from over, there have been signs of encouragement on a daily basis. I am encouraged when I see our members having lines in front of their stores or hearing from them that they are starting to rebound from their losses. Unfortunately, due to the many restrictions on other businesses, they are not as fortunate. Let us continue to work together to help our fellow businesses get through these trying times. Let's do our best to shop and buy local whenever possible and extend whatever assistance that we can to help them retain their business. One of the most enjoyable activities that the Chamber is involved in is welcoming new businesses into our region. It is a healthy sign as well as an economic boost for everyone.

The OP Chamber has taken a great economic loss with the mandated cancellation of our entire series of major events for the 2020 calendar. Another key loss for us was having to lay off our Associate Director Colleen Baker and our Administrative Assistant Dawn Jenkinson. We have had to streamline most of our operations while still continuing our critical programs. Our office, along with the support of our OP Chamber Board of Directors, have been working diligently over the past five years to build up our Chamber as a stronger community driven organization. Our goal has been to attract more visitors to our area for the benefit of all of our business members. As we increased the participation and popularity of our events, we were able to keep our dues and member costs at zero increase during this five-year timeframe. We have been very proud of being able to maintain this, but it has created a difficult gap during this perilous period of operation. We are hoping that the services that we have provided throughout the years will encourage your support through membership renewal and continued participation in our activities.

The Board is helping to develop new ideas for programs that we will be able to implement that will be of benefit to our members. I am excited for our **Virtual Golf Outing** that is being held the last two weeks of August. Many of our regular supporters of our annual golf outings in the past have requested that we have some sort of tournament that they can be a part of. We have many wonderful prizes such as a Weber Natural Gas Grille, a couple large screen TVs as well as many useful gift cards to many of our members' establishments. Please check out the flyer with more information on the event.

We are also creating an **Orchard Park Chamber Professional and Personal Wellness Series**. This will be a Webinar Series featuring topics that will be informative for both owners and employees, providing tips and resources to managing a successful work and life balance. It will be held on the 3rd Thursday of each month at 11:00 a.m.
